

Manufacturer's Certificate of Qualification

IRS Tax Credit for Purchase of Biomass Appliances

This document certifies that the biomass Jamestown Pellet Stoves listed below have at least a 75% efficiency rating as measured using a lower heating value and comply with IRS tax guidelines for a consumer tax credit of 30% (up to \$1500) for the purchase and installation of qualifying appliances under the American Recovery and Reinvestment Act of 2009.

The following products are "qualified energy property" under the definition of biomass burning stoves for the purposes of Section 25C of the Internal Revenue Code:

Jamestown J1000

J1000 Hearth Mount / Insert

Jamestown J2000

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.

Bill Boulton
Vice President/CEO, Jamestown Pellet Stoves

Homeowners should consult their tax advisor to determine whether they qualify for any potential income tax credits. Please retain this certificate statement for tax recordkeeping purposes.
